

LHA Long Term Plan Subject: Mathematics Year: 7		
Blocks	Topic	Other calendar events
Term 1.1	Algebraic Manipulation (Negative Numbers)	Review Sets
	Averages (Adding and Subtracting)	
	Perimeter, area and volume (Multiplying/dividing) (decimals)	
	Measures	
	ASSESSMENT	
Term1.2	Formulae (Adding and Subtracting) (Multiplying and dividing)	Review Sets
	Plotting Linear Equations	
	Factors, multiples and primes	
	Fractions	
	ASSESSMENT	
Term 2.1	Probability (Links to Fractions)	Review Sets
	Angles	
	Percentages	
	Ratio and Proportion	
	ASSESSMENT	
Term 2.2	Sequences Fractions, decimals and negatives)	Review Sets
	Presenting Data (Formulae)	
	Plotting Linear Equations (Algebraic Manipulation)	
	Indices	
	ASSESSMENT	
Term 3.1	Scatter Graphs	Review Sets
	Estimating (Place Value) (Rounding) (Four Operations)	
	Solving Linear Equations	
	ASSESSMENT	
Term 3.2	Properties of Shape	Review Sets
	Constructions	
	Transformations (Ratio and Proportion)	
	ASSESSMENT
